Pet Needs! PET TIP!

Believe it or not, pets get sunburns too, especially those with short or light hair coat. And just like with people, it hurts and can even lead to skin cancer. If you are planning to spend a day out in the sun with your furry companion, apply sunscreens every 3-4 hours to the least hair-covered spots: bellies, ears, and nose. Use only sunscreens made specifically for pets.

Nature's Promise Dog Treats
12 Oz.
