PET TIP!

In some regions, the temperature drops quickly once fall hits. Put a blanket on the porch for your dog if he spends a lot of time playing in the yard, and don't leave him out for extended periods of time in the late evenings and early mornings. Most breeds are well-equipped to withstand cooler temperatures, but others – like Chihuahuas, Greyhounds and Salukis – are not. Help him transition slowly from the heat of summer...at least until his winter coat comes in.
